Hi Stephanie – Attached are listings of the datasets that we have in our Passaic database. Let me know which of these you would like to receive.

The Excel Workbook contains the following worksheets:

NOTES: A very brief description of the workbook

Passaic_Master_Database: a summary of the studies that are contained within our project central database.

External_Data_Sets: a summary of four external data sets that we have used

Matrices: a dictionary of the sample matrix descriptions (the matrix codes come from the various data sets as-is)
